

## Environmental policy

2024-07-30

UAB Mega Teknik LT assumes responsibility for the impact of its activities on the environment and, in order to reduce this impact, undertakes:

- Comply with Environmental Protection Laws, ISO 14001 standard, legal regulations and other related requirements.
- Control the waste generated in your activities and manage it properly. Adhere to the principles of pollution prevention and save energy resources.
- Control the risk of environmental pollution, work environment, accidents, fire and other safety-related accidents.
- Take care of work safety, working environment and health protection of employees.
- Optimize processes and apply innovative solutions that would contribute to reducing the impact on the environment.
- Continuously improve the environmental protection management system in order to increase the effectiveness of environmental protection.
- Ensure that the environmental protection policy is known and understood by the company's employees, open to the public.
